

INFSCI 2935  
Developing Secure Systems  
HW1  
Due Feb 6  
Points: 100

Based on the [Related Reading Materials](#) for Lecture 2, write an article of at most 5 pages (11 point, 1.5 spacing) focused on the Software development Life Cycle methodologies (the topic of Lecture 2). Your article should be in the form of the review, critique and summary of the topic. In particular, analyze and highlight the importance of such formal methodologies, and/or indicate the challenges for future.
