

INFSCI 2620 Developing Secure Systems  
HW1  
Due September 22, 2017  
Points: 150

Research articles on secure software/system development lifecycle models/methodologies related to Agile development approaches. Based on that and the coverage in the class, as well as other readings of your choice, write an article of about 5 pages (use Times New Roman, 11 font size, single space, 1" margin on all sides).

The article should provide a comparative survey and analysis of various approaches.
