

INFSCI1072/TELCOM 2700: Wireless Networks, Fall 2016

Homework 1

Read the articles posted on the webpage. Install R Studio and R on your computer (see the links on the course web page).

1. Search for 5G Wireless on Google News or Bing News. Pick any one reasonable recent news article from the search results. Write a summary of the article. Please make sure to include a reference (or citation) to the article you are summarizing, with the title, author, publication venue, URL, date, etc.
