

Annual Report, 1998-99
SAA Student Chapter, University of Pittsburgh School Information Sciences

The Pitt Student Chapter of SAA had a membership list of 25 members. Roughly half of that number were participants via email only, the other half being more active in their attendance at events and meetings. After last year, the group decided to have two co-presidents as leaders. During the fall term, Jennie Benford and Kara Gruszewski served as co-presidents. During the Spring term, Jennie Benford and April Karbowski presided over the group.

The Fall semester was quite busy with speakers. Several of whom were quite fortuitously in town on other business. The Fall 1998 meeting schedule was:

| | |
|----------------|--|
| September 1998 | Organizational Meeting |
| October 1998 | Dr. Elizabeth Yakel Talk on the Vatican Archives |
| November 1998 | Dr. Tom Nesmith, University of Manitoba, "The Ox and the Virgin: 'Ruminations' on the Metaphors of Archives" |
| December 1998 | Kimberly Barata, Archives and Records Management Trust (ARMT), "The Archives and Records Management Trust, Its Role and Current Projects." |
| December 1998 | Tim Ericson, University of Wisconsin, Milwaukee |

The group was not so lucky in field trips that had been planned but were postponed or cancelled. One of those field trips, a tour of the archives of The Andy Warhol Museum, is currently being set up to take place in June of 1999. Plans for the summer semester also include a resume workshop and a mock interview workshop.
